PINK DAY

World Kindness Day Celebration

Our little learners celebrated World Kindness Day with heart-warming activities that reminded them how powerful simple acts of kindness can be. Throughout the week, children discovered the joy of using kind words, helping hands, and caring hearts.

Nursery children expressed kindness in everyday ways—thanking helpers, caring for plants, and showing love towards animals. LKG students enjoyed a lovely story on kindness and practiced it by helping others and offering support in real-life situations.

The UKG *Kindness Tree* bloomed beautifully as children added colourful hearts with kind words and promises to help, share, and care.

These small yet meaningful experiences taught our children that kindness, when shared, grows—and even the tiniest act can brighten someone's day.
