Annual Report Speech 2025- 26

Good evening everyone, It's a delight to welcome our Chief Guest, Guest of Honour, Chairman sir, respected members of the management, dear parents, dedicated staff, and my wonderful students to the Annual Day celebrations of Imperial Heritage School.

This year has been nothing short of extraordinary—a journey full of curiosity, learning, laughter, and memorable moments. Every step we took, in classrooms, playgrounds, or on stage, has been about exploring new possibilities and discovering our true potential.

As Rabindranath Tagore beautifully said, *"The highest education is that which does not merely give us information but makes our life in harmony with all existence."* At Imperial Heritage, we truly believe in this philosophy. Education here is not confined to textbooks and tests—it's about nurturing minds and hearts, inspiring our students to think deeply, act compassionately, and live in harmony with the world around them. It's about growing as thoughtful, confident, and caring individuals who are ready to embrace life's adventures.

Our students have not just learned—they have experimented, questioned, created, and expressed themselves in ways that make us proud every day. Whether it was teamwork on the sports field, imagination in the arts, or kindness in everyday interactions, each child has added their own unique color to our shared journey. Today, as we celebrate, it's not just about achievements, but about the spirit, joy, and resilience that define our school community.

"Success is not measured by numbers alone, but by the determination, resilience, and spirit behind every achievement." Seeing our very first batch graduate with flying colors was an incredibly proud moment for me. This year, my pride grew even more as I watched our second batch take the **Grade X board exams**, alongside our first batch of **Grade XII students**, stepping confidently into a new phase of their lives. I have personally witnessed the long hours our teachers devoted, the dedication of each student, and the countless back-and-forth sessions of doubt-clearing and guidance. Knowing that all this hard work translated into a 100% pass percentage fills my heart with joy. While the achievement made its way across social media, for me, the real pride comes from seeing the determination, growth, and resilience of our students—something no post or headline can ever truly capture.

Last year, our Annual Day took a delightful turn from tradition with **TARANG**—a celebration devoted entirely to India's rich heritage and culture. Instead of our usual dance drama, this event invited students and teachers to explore and express the colors, rhythms, and stories of our diverse traditions through dances, performances, and creative tableaux. It was not just an event, but an experience—a chance to step into the heart of India's cultural legacy. Every performance reflected the harmony of tradition and imagination, transforming the stage into a tapestry of shared identity and pride. It was a beautiful reminder that learning extends beyond classrooms—into moments that nurture appreciation, collaboration, and a deeper connection with our roots.

Organizing an Annual event is no small feat. Behind every performance lies months of creativity, practice, and teamwork from our teachers, students, and support staff. It is a labor of love, patience, and dedication—and it truly comes alive because of the support of our parents and the school community. Your encouragement fuels our energy, and together we transform countless hours of preparation into moments of celebration that our children—and all of us—will remember forever.

The year 2025 opened with a celebration that is very close to my heart—the **Graduation Ceremony** of our Kindergarten students. Watching these little ones walk up the stage in their blue gowns and black caps filled me with immense pride and joy. Each child is a story I have been privileged to witness—from their first tentative

steps into our school to the confident, smiling faces they now wear. Over the months, I have met every parent, shared their joys, understood their hopes, and celebrated each small milestone along the way. What made this Graduation truly special was the heartfelt farewell from our Nursery and LKG students as they waved goodbye to their friends stepping into primary school. The building may be the same, but their world is changing—new classrooms, new uniforms, new responsibilities. Watching these young learners move ahead brought a gentle nostalgia, even as our care and guidance remain constant. The warm appreciation from parents was a touching reminder of the trust they place in us and the nurturing environment we build together.

This ceremony was not just about certificates; it was a celebration of growth, new beginnings, and the bonds that make our school a family. Seeing the pride in parents' eyes and the sparkle in the children's faces reminded me why these moments are so precious—they are not just milestones, but memories that will stay with us forever.

We started the new academic session with our **Orientation Programmes,** which allowed us to welcome both new and familiar parents into meaningful conversations. These sessions were a space for conversation, curiosity, and connection—where parents could meet our teachers, understand our approach to learning, and share their hopes for their children. We also introduced the guiding principles of the National Education Policy, helping parents see how it shapes everything from teaching and assessments to early childhood development and holistic growth. For me, the true joy lay in witnessing the trust and enthusiasm in the room, knowing that together, parents and school are starting this new journey hand in hand, ready to support and celebrate each child's unique path.

This year, we celebrated our **Proficiency Ceremony** in April with great joy, welcoming 89 students—many familiar faces returning and some new ones joining our school family. It was a wonderful moment to recognize their hard work and dedication over the past year. Many students achieved outstanding results, with scores above 85%, and several were recognized for full attendance, reflecting their commitment and consistency. Celebrating these accomplishments reminds us that every effort, big or small, contributes to a successful and fulfilling academic journey.

"If your actions inspire others to dream more, learn more, do more, and become more, you are a leader." These words by John Quincy Adams beautifully capture the spirit of our Student Council at Imperial Heritage School. A Student Council is the heart of student leadership—where young minds learn responsibility, teamwork, and the courage to step forward for others. 22 student council members were officially sworn in at the 5th **Investiture Ceremony** in May, assuming key roles and responsibilities for the academic year. They are entrusted with representing the student body, promoting school values, assisting in organizing events, supporting academic and extracurricular initiatives, and fostering a culture of leadership, responsibility, and teamwork among their peers.

The **5th Annual Interschool Event – MAADHYAM 2025:** ***Reboot the Bard*** was a grand tribute to Shakespeare's timeless brilliance and its relevance in modern times. The event brought together talented students from several reputed schools, each reimagining the Bard's world with creativity and depth. Filled with eloquent performances and thought-provoking interpretations, the day radiated artistic energy and enthusiasm. It was a resounding success, with judges praising the talent and innovation on display and guests appreciating the meticulous planning and seamless execution by our school. **MAADHYAM 2025** truly celebrated literature, theatre, and imagination—honouring Shakespeare's legacy while inspiring young minds to think, express, and create fearlessly.

At Imperial Heritage School, every learning experience is designed to shape not just knowledgeable minds, but compassionate hearts. The school's annual calendar reflects this philosophy through thoughtfully curated **Special Weeks** that combine learning with values. The year witnessed an array of vibrant celebrations — Environment Week, Book Week, Heritage Week, and the Week of Caring and Sharing — each offering students a chance to explore important life lessons beyond textbooks. From nurturing love for nature to

celebrating stories, embracing our cultural roots, and practising kindness, every week encouraged students to think, feel, and act responsibly.

The **Week of Caring and Sharing** holds a special place in my heart. It fills me with immense pride to see the school bus brimming with donations for the *Earth Saviours Foundation*. Yet, more than the material offerings, it is the compassion and warmth that our Grade XI and XII students share with the residents of the NGO — individuals who have been abandoned by their families — that truly move me. Watching my students bring smiles to their faces, even if only for an hour, is profoundly fulfilling. God bless my children for embodying the true essence of empathy and humanity.

In addition, our **Special Assemblies** provided students with opportunities to express themselves and celebrate the spirit of togetherness. Assemblies on Environment Week, Book Week, Independence Day, Janmashtami, Dussehra, Diwali, Republic Day, Christmas, Hindi Diwas, National Sports Day, Sanskrit Diwas, and Teachers' Day showcased not only students' talent and enthusiasm but also their growing understanding of values like unity, respect, and compassion. Each assembly was a reminder that learning is most impactful when it touches both the mind and the heart.

This year, our students participated in a vibrant array of celebrations on **Special Days** that highlighted culture, heritage, literacy, health, and social responsibility. From Labour Day, International Yoga Day, and World Dance Day to National Sports Day, World Literacy Day, Hindi Diwas, National French Day, Jallianwala Bagh Day, World Heritage Day, Kargil Diwas, Hiroshima Day, Birsa Munda's Birth Anniversary, Constitution Day, and Animal Welfare Day — each occasion was observed with engaging classroom activities, hands-on projects, and expressive oratory presentations. At Imperial Heritage School, these commemorations are more than events; they are meaningful opportunities for students to reflect, learn, and grow as compassionate, responsible citizens of the world.

"दादा-दादी, नाना-नानी वह प्यार हैं जो शब्दों से नहीं, आशीर्वाद से जताया जाता है।" The 4th **Grandparents' Day** was a heartfelt tribute to the unconditional love and wisdom that grandparents bring into our lives. The celebration, themed around *Navratri*, came alive through a beautiful depiction of **Maa Durga's victory over Mahishasura**, symbolising strength, devotion, and virtue. Our young students expressed their love and reverence through graceful dances and performances that radiated joy and gratitude. The event reflected the school's deep respect for family values and traditions, honouring grandparents as guiding lights whose blessings and presence enrich every child's journey.

"Education is the kindling of a flame, not the filling of a vessel." This philosophy beautifully reflects our belief that true learning nurtures curiosity, creativity, and character. The school strives to develop every aspect of a student's personality — physical, intellectual, emotional, and social — while building essential life skills such as teamwork, leadership, and problem-solving. To encourage these qualities, a series of **Intra-class and Inter-house competitions** were thoughtfully designed and seamlessly integrated into the annual calendar.

"Success is not just about winning; it is about growing through every opportunity you embrace." Students also participated in a wide range of **Inter-school competitions** this year, spanning art, music, dance, debate, technology, and literary events. Each experience brought something unique — new challenges, new friends, and new environments to adapt to. It helped them step out of their comfort zones, build confidence, and carry the pride of representing their own school with grace and enthusiasm. We are proud to share that a total of 44 students won accolades across various schools through their dedication, talent, and hard work. Congratulations to all of them! These experiences not only celebrated their abilities but also nurtured adaptability, teamwork, and a spirit of healthy competition.

"Every child is a bundle of possibilities waiting for the right moment to shine." We believe that one of the most effective ways to unlock these possibilities is by giving students the chance to challenge themselves beyond the classroom. **Olympiad** exams serve as a wonderful platform where children not only test their academic knowledge but also discover their strengths, curiosity, and confidence. Through these exams, our students engage deeply with subjects like Mathematics, Science, English, SST, GK, Hindi, and Cyber studies. More importantly, they develop critical abilities such as logical reasoning, analytical thinking, and problem-solving — skills that prepare them for a bright future. This year, 83 students proudly represented our school across various Olympiads. We are delighted to share that 1 student qualified for the NSO second level, 6 students for the IMO second level, and 4 students for the IEO second level. Heartiest congratulations to all our young achievers! Your dedication inspires us all.

"Education is most powerful when learning moves beyond books and begins to shape character." This year has been marked by vibrant participation in a wide range of CBSE initiatives, each designed to enrich students in meaningful and multidimensional ways. From national awareness campaigns to creative competitions and academic challenges, our students stepped forward with enthusiasm, curiosity, and a strong sense of responsibility. Their involvement reflected more than just participation — it showcased leadership, teamwork, and a growing awareness of the world around them. These platforms encouraged students to think critically, express themselves confidently, and engage with issues that matter on local and national levels. Through these experiences, our learners strengthened skills that extend far beyond academics: empathy, problem-solving, resilience, creativity, and collaborative spirit.

Imperial Heritage has successfully conducted CBSE activities. To name a few:

S. No.	Event / Initiative
1	Ek Ped Maa Ke Naam 2.0
2	Sugar Boards & Oil Boards Campaign
3	International Day of Yoga
4	CBSE Reading Challenge (English & Hindi)
5	Aryabhata Ganit Challenge
6	Veer Gatha 5.0
7	'Sapno Ki Udaan' e-Magazine Cover Design
8	Stamp Design Competition (80th UN Anniversary)
9	CBSE Expression Series
10	Sadak Suraksha Abhiyan (Suraksha Reloaded)
11	CBSE–CVC Essay Writing Competition
12	Swachhata Pakhwada
13	Swachhata Hi Sewa (SHS) Campaign
14	Sewa Parv 2025
15	Har Ghar Tiranga 2025
16	MyGov Portal Contests
17	Swachh Evam Harit Vidyalaya Rating (SHVR) 2025
18	Visit to Amrit Udyan, Rashtrapati Bhavan
19	CBSE Science Challenge
20	CBSE Science Exhibition (2025- 26)
21	CBSE Heritage India Quiz
22	Run for Unity
23	Janjatiya Gaurav Diwas
24	National Sports Day
25	Vigilance- Our Shared Responsibility
26	Independence Day Ceremony 2025
27	Tobacco Free Youth Campaign 3.0

"The right guidance at the right time can open doors a student never knew existed."

At Imperial Heritage School, **we believe in guiding students towards discovering their strengths, exploring new pathways, and making informed choices about their future**. This commitment was reflected through two enriching career-oriented workshops that offered valuable exposure to diverse academic and professional fields. Senior students attended the **IDP Career Event** at *The Lalit, New Delhi*, where they explored creative career avenues offered by **Toronto Film School** and **Yorkville University, Canada**. Led by Liam Dutton, the session introduced programmes in **Film, Design, and Gaming**, offering clarity on skill expectations, course structures, and international admission processes. Workshops like these are vital as they introduce students to

new-age global careers, encouraging them to think beyond conventional options and recognize emerging creative industries. Students also participated in the **Sci-Tech Spins Lecture Series** at the prestigious **IIT Delhi campus**. Conducted by **Professor Deepak Jain** from the Optics and Photonics Centre, the session offered an inspiring insight into advanced scientific concepts, cutting-edge research, and technological innovations. Such experiences help students connect classroom learning with real-world applications, spark curiosity, and motivate them to pursue deeper exploration in STEM fields.

Model United Nations (MUN) offers students a powerful platform to step into the shoes of global diplomats — researching issues, debating policies, and building resolutions that mirror real United Nations procedures. It transforms learners into confident speakers, critical thinkers, and collaborative problem-solvers. **"When students learn to speak for the world, they learn to think beyond themselves."** This year, our students proudly participated in prestigious MUN conferences at **Ryan International School, Vasant Kunj, New Delhi**, **Blue Bells International School, Gurugram (BBIMUN)**, and **The Shri Ram School, Maulsari, Gurugram**. Each conference challenged them to engage in structured debates, negotiate with peers, and represent their assigned nations with clarity and conviction.

Our delegates brought honour to the school with their exceptional performances:

- **Ashi Ojha** secured the **1st Position with a Special Mention**
- **Samaira Khandelwal** and **Jasmin Kaur** earned **Verbal Mentions**
- **Kanishk Maan** received an **Honourable Mention** at BBIMUN

These achievements reflect not just their hard work, but also their ability to balance diplomacy, leadership, and thoughtful communication. Through these experiences, our students proved that learning extends far beyond the classroom — shaping them into informed, articulate, and responsible global citizens.

"Global learning begins when young minds connect beyond borders." We continued our commitment to international exposure through two impactful virtual exchange programs in 2025, giving students the chance to interact, collaborate, and learn alongside peers from around the world. One of the programs connected our students with **Dong Pae Middle School, South Korea**, where both schools shared cultural traditions and built understanding through meaningful dialogue. In another global forum, our students engaged with participants from the **United States, Ukraine, Vietnam, Korea, Malaysia, Costa Rica, Taiwan, Indonesia, and Brazil**. Together, they discussed Human Rights, Child Protection, and the Sustainable Development Goals (SDG 16 and 17), gaining valuable insights into global challenges. These exchanges strengthened students' communication, empathy, and global awareness, reflecting Imperial Heritage School's dedication to preparing learners for an interconnected world.

"Sports teach lessons that classrooms cannot — resilience, discipline, teamwork, and the courage to rise after every fall." We place strong emphasis on sports as an essential pillar of holistic development. We believe that every child should have the chance to explore, learn, and excel in the sport of their choice, guided by structured training and continuous encouragement. Our students have been actively participating across multiple platforms — **Interschool**, **District**, and **National** levels — showcasing their talent, dedication, and sportsmanship. Each competition has provided them with invaluable exposure, helping them refine their skills, build confidence, and understand the true spirit of healthy competition.

"A school grows not by its buildings, but by the hearts that learn within it and the hands that guide those hearts each day."

As I complete my sixth session at Imperial Heritage School, my journey here feels deeply personal. Each batch that has passed out has left behind not only achievements but also memories, relationships, and lessons that have shaped me as an educator and as a person. What makes this journey truly special is the team of dedicated teachers who stand as the backbone of our school. The bond we share as a team is one of trust, shared purpose,

and an unwavering belief in our students' potential. As I look ahead, I carry with me the belief that Imperial Heritage School will continue to nurture young minds with love, purpose, and dedication—supported by a faculty that works with passion and a community that believes in holistic growth. Together, we will keep shaping generations who walk into the world with strength, compassion, and pride. And above all, I hold close the joy of knowing that together we are shaping not just students, but human beings who will step into the world with courage, compassion, and pride. *"Education is not the filling of a vessel, but the lighting of a flame that continues to shine long after the classroom fades."*

Thank you, and have a good evening ahead.
