IMPERIAL HERITAGE SCHOOL
SECTOR-102, GURUGRAM

HOLIDAY HOMEWORK

CLASS VI
2025–26

"Learning doesn't take a break, and neither should our curiosity."

Dear Parents,
Greetings!

At Imperial Heritage School, we believe in nurturing young minds not just during the academic session, but beyond the classroom as well. Holiday homework plays a pivotal role in reinforcing classroom learning while encouraging independent exploration. It offers students the chance to engage with subjects at their own pace and reflect creatively on what they've learned.

🌿 Why Holiday Homework?

- To maintain continuity in the learning process.
- To apply concepts in real-life scenarios.
- To encourage responsibility, time management, and creativity.
- To foster research, problem-solving, and critical thinking skills.

📂 Project-Based Learning: Each task or project has been designed in alignment with the CBSE curriculum framework and guidelines, ensuring relevance, engagement, and developmental appropriateness. These projects aim to promote a hands-on, practical approach that bridges theory with real-world applications.

📝 Evaluation Criteria (Rubrics)
Each subject's Holiday Homework will be evaluated as part of the Internal Assessment, based on the following parameters:

Content	Presentation	Relevance	Creativity	Originality	On time Submission

Smart Tips for Completing Your Holiday Homework

📌 Be Original
Let your work reflect your own thoughts and creativity. Avoid copying—originality always stands out!

📌 Plan Your Time Wisely
Divide your work across the holiday period to avoid last-minute stress. A little work each day goes a long way!

📌 Read Instructions Carefully
Each subject has specific guidelines. Go through them thoroughly before beginning.

📌 Neatness Matters
Good handwriting leaves a lasting impression. Ensure your work is clean, well-organized, and legible.

📌 Creativity Counts
Add a personal and creative touch to your presentations—be it through design, layout, or illustrations.

📌 Leisure Reading is a Must
Take time to read books of your choice. Reading enhances imagination, vocabulary, and comprehension skills.

📌 Practice Math Daily
Math requires consistency. Set aside time each day to revise concepts and solve problems—practice makes perfect!

📌 Parental Guidance Only
Parents are encouraged to guide, not complete, the assignments. Let students take the lead in their learning. Outside help will not be accepted and will be given zero.

📌 Focus on Quality
Aim for meaningful and well-researched content. Quality is more important than quantity.

📌 Remember the Assessment
Holiday Homework is part of Subject Enrichment Activities and will be evaluated as per the defined rubrics.
Let Curiosity Lead the Way

An inspirational poem for our learners:

"Learning Beyond the Bell"

When the school doors close and bells go mute,
Let not your books sit still or roots take root.
For in the pause, a spark may rise,
To chase new thoughts, to question why.

A walk through pages, a curious glance,
A project that gives your mind a chance—
To think, to build, to dream and do,
To craft a world from a different view.

With pencil, paint, or words you write,
You shape your learning, spark your light.
So take this time and make it shine—
For growth and joy can intertwine. ✸

Submission Date: 7th July, 2025

We look forward to seeing the wonderful work our students will create. Let this break be a time to explore, express, and evolve.
Wishing all of you a very joyful, safe and fun packed summer break. Happy Holidays!

Best Regards

Ms. Neelu Sharma
Principal

Theme : Shining Stars of India

The holiday homework this year for Class VI is, therefore, based on this fabulous theme - of excellence and success - The Shining Stars of India. Let us have a brief glance on who these individuals are Dr. A.P.J. Abdul Kalam, fondly remembered as the "Missile Man of India" and the 11th President of the country. Rising from humble beginnings in Rameswaram, he became one of India's most respected scientists, playing a pivotal role in the nation's defense and space research programs. From Mahatma Gandhi, the torchbearer of non-violence, to Kalpana Chawla, who reached the stars quite literally; from Sachin Tendulkar, the master blaster of cricket, to Sudha Murthy, a philanthropic force—each has contributed uniquely to India's growth and global recognition. They have contributed in fields of technology, sports, literature and global politics. In every shining star of India, we see a reflection of our collective potential. As we look to the future, it is these stars—past, present, and emerging—who light the path toward a stronger, brighter India.

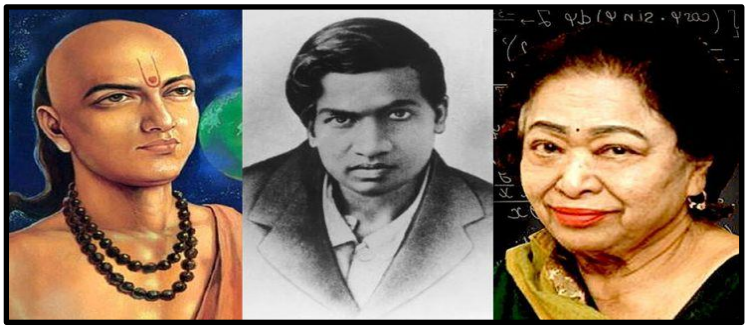

Every student sitting in a classroom today holds the potential to become the next great leader, scientist, artist, athlete, or changemaker. The future of India doesn't lie in the hands of a few—it lies in the dreams, actions, and determination of each young mind. So, believe in yourself. Never be afraid of failure. Ask questions. Be kind. Stay curious. Work hard. And most importantly, never stop dreaming.

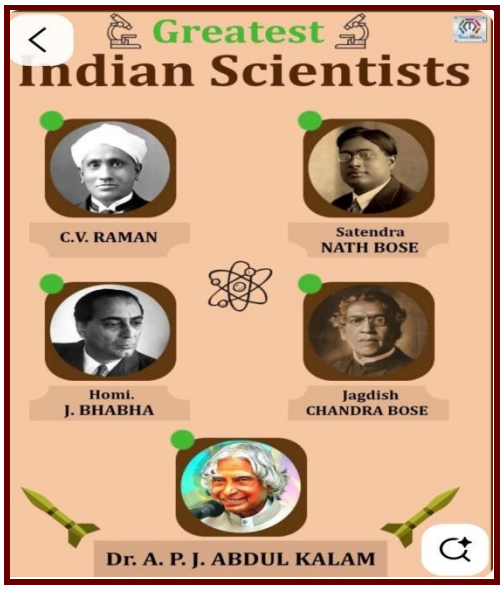

Because the next shining star of India… could be you.

ARE YOU READY?

As a proud young geographer of India, explore and showcase the rich physical features that make our country truly unique. From mighty mountains to flowing rivers, let's bring the beauty of India's geography to life!

Instructions:

- Create a 3D physical map of India using clay, cardboard, eco-friendly materials.
- Highlight and label key geographical features such as:
  - Mountain ranges: Himalayas, Western & Eastern Ghats
  - Major rivers: Ganga, Yamuna, Brahmaputra, etc.
  - Landforms: Plateaus (Deccan), Plains (Northern), Coastal areas
- Use colour coding and creative labels to make your map informative and attractive.

2. Historical Hero Time-Travel Diary: "Inspiring Encounters with India's Brave hearts"

As a proud officer in the Indian Army, you have always drawn strength and inspiration from the extraordinary courage of our nation's real-life heroes — icons like Captain Vikram Batra, Lt. Manoj Pandey, and other gallant Param Vir Chakra awardees.
Now, imagine embarking on a unique mission — a journey through time — to meet one of these legendary warriors in person.

Instructions:

1. Select one Param Vir Chakra (PVC) awardee — someone whose bravery has always inspired you.
2. Imagine a time-travel experience where you are transported to a moment in their life — perhaps before a major battle or during a pivotal decision.
3. Write a diary entry capturing this once-in-a-lifetime meeting.

Your diary should include:

- What the hero shared with you about their personal journey — their early life, motivations, and call to serve.
- The challenges, sacrifices, and victories they faced on the battlefield.
- The qualities, values, or actions that left the deepest impact on you — both as a soldier and as a citizen of India.

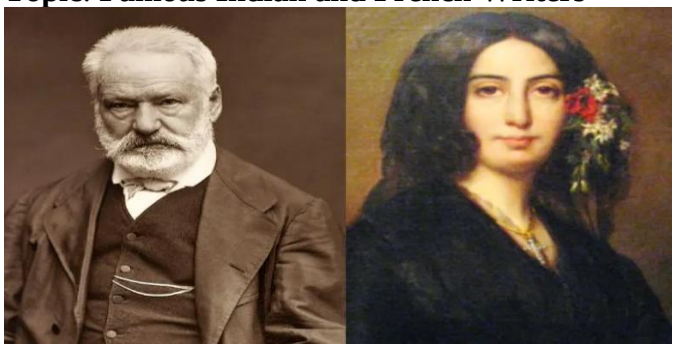

OR

"My Dream India" – Civic Pledge

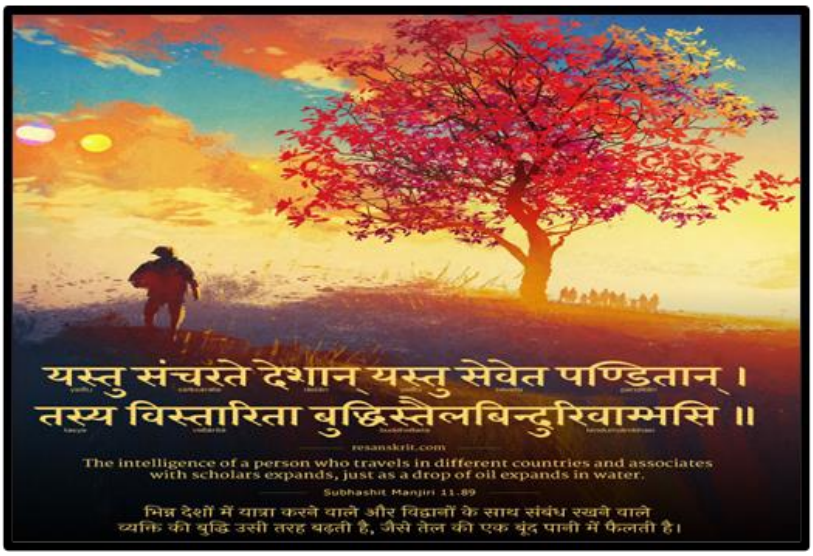

As a young citizen of the world's largest democracy, take a step toward building a better, brighter India.
Reflect on your duties and write a short pledge (8–10 lines) describing how you will contribute to your nation's growth and harmony.

Instructions:

- Write your civic pledge on how you'll help shape a better India.
  (Examples: protect nature, respect all cultures, follow rules, help the needy, etc.)
- Decorate your pledge with national symbols like the tricolour, Ashoka Chakra, or national bird/animal.

	● Keep it clean, creative, and heartfelt! **3. Festivals of Unity – Poster Making "Celebrating Indian states- Telangana's & Haryana's Colourful Culture"** As a young, proud representative of India—a land of vibrant traditions and unity in diversity—you've been invited to the US Parliament to showcase how festivals connect over a billion hearts. This poster will reflect India's cultural richness and the spirit of harmony through its joyful celebrations. **Instructions:** 1.
