HOLIDAY HOMEWORK

L.K.G

☀Here comes summer with skies so blue,
Days of sunshine, fun, and something new!
Splashing, laughing, playing in the shade,
Memories with family, beautifully made! ☀

Dear Parents,

Warm greetings!

As we approach the much-awaited **summer holidays**, it's time for your little one to take a well-deserved break—full of sunshine, laughter, and love. This is a special time for families to bond, travel, explore, and create memories together. While the routines of school take a pause, learning continues in the most joyful ways—through stories, games, conversations, and simple everyday experiences.

The early years are the foundation of lifelong habits, and summer is the perfect time to help your child explore independence in joyful, everyday ways. We invite you to support your child in developing basic life skills, social manners, and healthy routines that will empower them as they grow.

Little Hands, Big Help!

Encourage your child to take small steps towards independence by practicing these tasks regularly:

- Keeping toys, books, and clothes back in their places
- Buttoning shirts and zipping jackets independently
- Using the washroom confidently and flushing afterward
- Arranging their shoes neatly on the shoe rack
- Helping refill their water bottle with adult supervision

Good Manners Make Great Friends!

Nurturing social skills early helps children build positive relationships. Encourage your child to:

- Greet guests and family members with a cheerful "Hello!"
- Join in play with friends, share toys, and resolve small conflicts with help
- Sit with the family at meal times and use napkins and spoons properly
- Offer help to grandparents or family members in simple ways

Say It in English!

Let's help our little learners express themselves confidently in English. Practice simple phrases like:

- "May I go to the washroom, please?"
- "I am feeling hungry."
- "I have finished my food."
- "May I drink water?"
- "Please help me."
- "Thank you!"

Healthy Habits, Happy Kids!

Build hygiene and self-care habits with love and consistency:

- Brush teeth twice a day (try a brushing song or timer!)
- Wash hands before and after meals
- Keep nails trimmed and clean
- Learn to throw garbage in dustbins

Summer Fun with Family

Learning continues beyond worksheets—it happens best with you! Here are some fun ideas:

- Make a simple fruit salad or lemonade together
- Water plants and talk about how they grow
- Visit the local market and name fruits, vegetables, or colors
- Share bedtime stories from your childhood
- Create a memory box with photos, drawings, or little treasures

To make this break both relaxing and enriching, we have prepared a set of **creative, theme-based holiday homework** designed especially for our Pre-Primary children. These fun-filled tasks will help your child stay connected with learning, while also encouraging imagination and skill development. **The theme for the Holiday Homework is <u>ANIMALS</u>.**

General Instructions:-

- Present your work in an attractive folder with your name and class written at the top.
- All the work should be hand-written.
- Original drawings/illustrations and creative use of material will be appreciated.
- Original work by the child shall be acknowledged, we do not encourage the work to be completed by parents.
- The school will re-open on 1st July.
- Submit your H.W. on 5th July

The work will be evaluated for all the subjects on the following parameters.

- Idea and content
- Presentation
- Creativity
- Work done by the child (with guided assistance by the parents)

Let this holiday be a time of **joyful learning**, **discovery**, and **unconditional love**. We wish you a wonderful summer full of warmth and happiness.

Be safe, stay hydrated, and enjoy the holidays.

Best Regards,

Ms. Neelu Sharma
Principal

ACTIVITY-1

THE ONLY WAY TO LEARN MATHEMATICS IS TO DO MATHEMATICS

Let's Create a Fun Learning Calendar! 🌟

To make learning enjoyable and a part of our everyday routine, we can start by observing the world around us. A simple and exciting task for children could be:

🦋 *"Count the Animals Around You" Activity*

Each day, children can look around their surroundings—at home, on the way, or in the park—and count the animals they see. These can be birds, dogs, cats, cows, butterflies, etc.

📊 *Record the Observations*

Create a simple table or calendar where they can record their observations. For example: JUNE

Material Required-

A3 any colour sheet

Pencil/ eraser/ sharpener/ scale

Sketch pen to draw the table.

Instructions-

- *Draw a grid on the A3 sheet depicting a calendar for June with square boxes.*
- *Write numbers using markers, keeping space for the child to draw images.*
- *The child has to draw a picture of any one animal or bird he/she saw that day.*
- *In the same way, they will draw a picture daily.*

Learning Outcome-

- *Enhances observation and counting skills*
- *Builds vocabulary related to animals*

- *Encourages responsibility and routine*
- *Develops early data recording and analysis habits*

ACTIVITY-2

FUN WITH COUNTING

Animals are the amazing creations of nature. They come with unique special features that help them survive in the environment. Let us study which part of their body helps them to move. Many animals have legs but the number of legs varies in different species. There are animals with 2 legs, 4 legs, 6 legs, 8 legs or no legs. Complete the following table by writing the names of 2 animals in each category. Also, draw their pictures in the respective columns. [on an A4 size sheet].

SR. No	Name of the animal	No of legs	Draw or paste the picture of the animal.
1.	Snake	No legs	

Material Required-

- *A4 sheet*
- *Pencil/ eraser/sharpener*
- *Scale to draw the table*
- *Pictures of the animals*

Instructions-

- *Take an A4 sheet.*
- *Make a grid of boxes of the same size, with the last column a little bigger than the other column.*
- *Draw or paste the picture of animals.*
- *Write the name of the animal and the number of legs that animal has.*

Learning Outcomes-

- *Identify and compare different animal features*

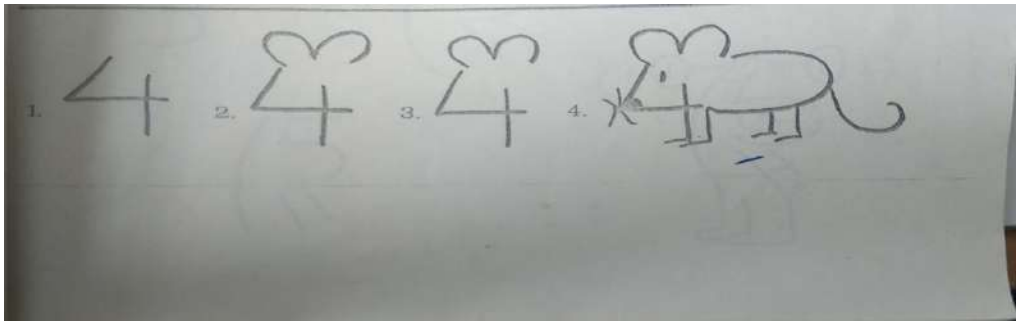

- *Develops Knowledge and understanding*
- *Promotes Vocabulary development*
- *Enhances Communication skills*
- *Promotes Critical thinking skills*

ACTIVITY-3

FUN WITH NUMBERS

1. *This activity is to be done by the child himself/ herself.*
2. *Turn any 4 numbers into beautiful animals.*
3. *Colour the animals neatly.*
4. *The following examples may be used for reference:*

Here are the steps to be taken to turn number 4 into a Mouse!

Material Required-

- *Size 2"X 2" (light coloured A4 pastel sheet)*
- *Crayons*
- *Pencil/Eraser/Sharpener*

Instructions-

- *Take an A4 size sheet and write four numbers.*
- *Help the child draw an animal with that number and colour it.*
- *https://pin.it/3P6ZOg2tz*

Learning Outcomes-

- *Promotes numeracy skills*
- *Develops fine motor coordination*
- *Promotes logical thinking in kids*

ACTIVITY-4

ANIMAL MASK MAKING

Materials Required:

- *For the base – Cardboard piece or thick paper plate*
- *Pencil and eraser*
- *Child-safe scissors*
- *Glue or Fevicol*
- *Elastic thread / ribbon / string*
- *Ice cream sticks (optional)*
- *Craft paper / coloured paper*
  – For making ears, tongue, nose, or other 3D features
- *Googly eyes / buttons (optional)*
- *Cotton / feathers / glitter*

Instructions:

- *Draw the mask of your chosen animal's face (e.g., lion, cat, elephant).*
- *Cut around the face and make holes for the eyes.*
- *Use crayons, paints, or coloured paper to decorate. Add ears, nose, whiskers, or a mane.*
- *Add string or stick- punch holes on the sides, tie an elastic string, or glue an ice cream stick at the bottom to hold the mask.*
- *Let your child wear or hold the mask and make the animal sound. Take a cute photo! Bring it to school.*

Learning Outcomes:

- *Promotes Animal Recognition and Understanding*
- *Promotes Fine Motor Skills*
- *Enhances Imagination*
- *Promotes Language and Vocabulary Building*
- *Develops Understanding of Shapes and Symmetry*

ACTIVITY-5

LET'S MAKE ANIMALS WITH SHAPES

Let's turn shapes into a wonderful animal kingdom! This fun craft will help children use their imagination and learn about different animals while enjoying a creative art session.

Materials Needed:

- *Coloured A4 sheets/Paper plates*
- *Googly eyes*
- *Feathers, buttons, pom-poms*
- *Glue and child-safe scissors*
- *Sketch pens or crayons*

Learning Outcomes:

- *Identifies animal features*
- *Enhances hand-eye coordination*
- *Promotes creative thinking*
- *Encourages storytelling (let them talk about their animals)*
- *Promotes Learning of different types of shapes*

ACTIVITY-6

SHOE BOX ANIMAL HABITAT

Dog's House
(For Roll no. 1 to 3)

Lion's House
(For Roll no. 4 to 7)

SeaHorse's House
(For Roll no. 8 to 10)

Hen's House
(For Roll no. 11 to 13)

Rabbit's House
(For Roll no. 14 to 16)

Materials Required:

- *Shoe box*
- *Glue, scissors and craft supplies like paint, coloured pencils and colured paper*
- *Natural material like leaves, twigs and rocks, if available*
- *Animal cutouts from coloured sheets or 3D animal toys, cotton balls*

Instructions:

- *Take a shoe box and cover it with paper.*
- *Now, paste grass and twigs on it to give the look of an animal habitat.*
- *Take some animal pictures or 3d animal toys and put them in their house.*
- *Once the house is decorated, you can add the small animal figurine to complete the scene.*
- *Research the animal's natural environment to create a more accurate diorama.*

Learning Outcomes:

- *Develops language and literacy skills*
- *Develops Foster curiosity*
- *Enhances vocabulary and promote social-emotional development*

ACTIVITY-7

CUCUMBER BUNNY FOOD ART

Materials Required:

- *Plate for the base*
- *Peas , grapes or olives for eyes and tail*
- *Carrot for the nose*
- *Coriander or other leafy greens for decoration*
- *Toothpicks to secure the parts of the bunny*
- *Cell Phone to click the picture*

Instructions-

1. ***Prepare the cucumbers:***
   Wash and peel a fresh cucumber. Cut the cucumber into slices of varying thicknesses. Use thicker slices for the body and thinner slices for the head and ears.
2. ***Shape the bunny's body***
   Arrange three to four cucumber slices in a vertical stack, slightly overlapping each other, to form the body of the bunny.
3. ***Create the bunny's head***
   Use two thinner cucumber slices for the head, placing them above the body. Cut two more slices into ear shapes and position them on top of the head.
4. ***Add details***
   Use small pieces of cucumber peel or other edible items like peas for the eyes and nose. Thinly sliced cucumber or small pieces of coriander can be used for the whiskers.
5. ***Garnish***
   Arrange coriander and peas around the bunny for decoration.

Click the picture while the child is doing the activity and make a collage on an A4-sized sheet.

Learning Outcomes-

- *Promotes Fine Motor Skills*
- *Enhances Creativity and Imagination*
- *Promotes Healthy Eating*
- *Develops Food Preparation Skills*
- *Develops Sensory Exploration*
- *Develops Patience and Focus*

ACTIVITY-8

LET'S MAKE ANIMALS AND THEIR YOUNG ONES (PAPER CUP CRAFT)

Materials Required:

- *Brown paper or cardboard for any one animal and baby (Reference picture given), but make animal and baby of your own choice.*
- *A paper cup.*
- *Scissors for cutting out the shapes.*
- *Glue to assemble the pieces.*
- *Black marker or pen to draw the facial features.*
- *Paint or coloured markers for decorating.*

Instructions-

- *Cut out the shapes for the animal's body, head, arms, legs, and baby from the brown paper or cardboard.Templates can be found online if needed.*
- *Assemble the animal's body by gluing the parts together.*
- *Decorate the animals and baby with markers or paint, adding details like eyes, nose, and mouth.*
- *Glue the paper cup onto the animal's body to place the baby.*
- *Place the baby near the mother or inside the pouch.*

Learning Outcomes-

- *Promotes Creativity and Imagination*
- *Promotes Learning about Animals*
- *Enhances Social Responsibility*
- *Promotes Cognitive Development*
- *Enhances Sense of Accomplishment*

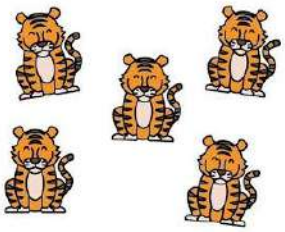

Count The Animals!

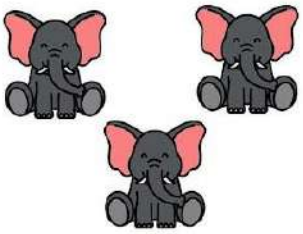

Directions: Count the animals
and write the correct number
of animals in the space provided!
